ASEAN GEOSPATIAL CHALLENGE 2024
Project Write Up

Instructions for Submission

a) Participants are to complete all sections using **black Calibri font size 12**. Incomplete forms will not be accepted.

b) Citations should be included where necessary and they are not included in the word count. Participants should fill in their references and other forms of acknowledgment in Section C.

c) Participants are to submit this write up in an editable Word Document format.

d) Submission filename taxonomy:
AGC24_Country_TeamName (e.g. AGC24_Singapore_GeospatialChallengers)

Judging Criteria

Participants are encouraged to familiarise with the judging criteria. Below are some guiding pointers and they are non-exhaustive.

20% **Challenge Statement & Relevance**
- How well does the challenge statement support the SDGs? Is it valid?
- How well has the team demonstrated the relevance/ importance of their challenge statement (by situating it in the wider literature context)?
- Are the target outcomes of the project stated clearly?

40% **Application of Geospatial Technology**
- How has the proposed solution addressed the challenge statement?
- How effectively has geospatial technology been used in the proposed solution?
- How advanced are the geospatial techniques utilised?

20% **Creativity & Innovation**
- How innovative/ original is the proposed solution's use of geospatial technology?
- How does the proposed solution differ from methods/ techniques currently employed in the geospatial domain?

20% **Sustainability & Applicability**
- How feasible is the implementation of the proposed solution?
- How sustainable is the proposed solution (eg. financially, logistically)? Are there metrics proposed to measure its long-term success?
- Is the proposed solution applicable in other fields/ domains?

Section A: Team Composition

Team Name	

Participants are to provide their full name as per their relevant identification documents.

Name	Name of Educational Institution	Email Address
(Student Representative)		
(Team Member)		
(Team Member)		
(Team Member)		

Section B: Project Details

Project Title	
Summary of Project	*Explain, in less than 150 words, what the project is about.*

Participants are to fill in their word count for each criterion.

Criterion 1: Challenge Statement & Relevance (20%)	
Max 600 words	**Actual count:**

Criterion 2: Application of Geospatial Technology (40%)	
Max 1000 words	**Actual count:**

Criterion 3: Creativity & Innovation (20%)

Max 600 words   **Actual count:**

Criterion 4: Sustainability & Applicability (20%)
Max 600 words   **Actual count:**

Section C: References

Participants should clearly state their references and other forms of acknowledgment in this section here.
